STATE OF CALIFORNIA

HEAT PLAN - MONTHLY SUMMARY REPORT

CDCR MH-7711-1 (02/17)

Monthly Summary Report

Institution: SCC

Memorandum

Date: October 4, 2024

To: Statewide Heat Plan Coordinator

Subject: Heat Plan Activity - September 2024

The following is a summary of the heat related activity for the month of September 2024

at SCC (Institution)

1. Were outside temperatures 90 degrees or above (Stage I Alerts)?: Yes

   Number of days Stage I Alert initiated: 19

2. Were cooling and/or hydration measures instituted in housing units reaching 90 degrees or more (Stage II Alert)? Yes

   Number of days Stage II Alert initiated: 8

3. Were medical rounds performed in housing units reaching 95 degrees or more (Stage III Alert)? Yes

   Number of days Stage III Alert initiated: 3

4. Weekly list of heat risk patients archived?: Yes

5. Number of patients with heat related illness: 0 List these patients on the Heat Incident Log and include the patients name, CDCR #, list of heat risk medications, Mental Health Services Delivery System designation, description of the symptoms diagnosis at the time of the heat related illness, a brief summary of the medical treatment rendered, where the incident occurred, and the ultimate disposition of the patient. The Heat Incident log shall be submitted each month with the Monthly Summary Report if heat related illnesses have occurred.

Weekly list of Heat-Risk Patients is generated automatically. A hard copy is distributed to the Facility Lieutenants, Classifications and Parole Representative, Food Manager, Outpatient Housing Unit and Mental Health Department. An e-mail copy is distributed to the Litigation Coordinator, Associate Warden, Facility Captains, Prison Industry Authority, Education Staff and Medical Staff.

Inside and Outside Temperature Logs, Medical Rounds Logs, Heat Incident Logs and Weekly lists of Heat-Risk Patients have been collected and are on file and easily accessible in the office of the institution's Heat Plan Coordinator.

STATE OF CALIFORNIA
OUTSIDE TEMPERATURE RECORD
CDCR 2030 (04/18)

INSTITUTION: **Sierra Conservation Center**

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the OUTSIDE ambient air temperature.

Using an accurate thermometer located in a central, heat neutral location, the outside air temperature is to be taken every hour, seven (7) days a week.

Thermometer Location: Plaza Control

Immediately notify the Watch Commander at extension 5439 when the air temperature reaches 90 degrees.

DEPARTMENT OF CORRECTIONS AND REHABILITATION

STATE OF CALIFORNIA
OUTSIDE TEMPERATURE RECORD
CDCR 2030 (04/18)

INSTITUTION: Sierra Conservation Center

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the OUTSIDE ambient air temperature.

Using an accurate thermometer located in a central, heat neutral location, the outside air temperature is to be taken every hour, seven (7) days a week.

Thermometer Location: Plaza Control

Immediately notify the Watch Commander at extension 5439 when the air temperature reaches 90 degrees.

DEPARTMENT OF CORRECTIONS AND REHABILITATION

STATE OF CALIFORNIA
OUTSIDE TEMPERATURE RECORD
CDCR 2030 (04/18)

INSTITUTION: Sierra Conservation Center

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the OUTSIDE ambient air temperature.

Using an accurate thermometer located in a central, heat neutral location, the outside air temperature is to be taken every hour, seven (7) days a week.

Thermometer Location: Plaza Control

Immediately notify the Watch Commander at extension 5439 when the air temperature reaches 90 degrees.

SIERRA CONSERVATION CENTER

HEAT PLAN ACTIVATION REPORT

DATE: 9/1/2024

This form is to be used when the Uniform Heat Threshold (UHT) of 90 degrees outside is reached and Sierra Conservation Center's Heat Plan is activated. Enter the time in the box under the appropriate action taken. For example, if the UHT is reached at 1300 hours, enter the temperature of 90 degrees in the box under temperature next to 1300 hours. In the same row, check the corresponding box of the stage activation and the contact made. The Watch Commander should sign next to the temperature as various stages are activated and/or deactivated. If there are no activations or deactivations by the end of the shift, the Watch Commander will sign the time corresponding with the end of the shift. This is a 24 hour form. Example Date 05/01/2020 starts 0100 hour and ends the same day at 2400 hours. Only completed original forms should be forwarded daily to the Health Care Access Office Technician. All completed Heat Logs will be maintained in the Associate Warden of *Program Division* office.

SIERRA CONSERVATION CENTER

HEAT PLAN ACTIVATION REPORT

DATE: 9/2/2024

This form is to be used when the Uniform Heat Threshold (UHT) of 90 degrees outside is reached and Sierra Conservation Center's Heat Plan is activated. Enter the time in the box under the appropriate action taken. For example, if the UHT is reached at 1300 hours, enter the temperature of 90 degrees in the box under temperature next to 1300 hours. In the same row, check the corresponding box of the stage activation and the contact made. The Watch Commander should sign next to the temperature as various stages are activated and/or deactivated. If there are no activations or deactivations by the end of the shift, the Watch Commander will sign the time corresponding with the end of the shift. This is a 24 hour form. Example Date 05/01/2020 starts 0100 hour and ends the same day at 2400 hours. Only completed original forms should be forwarded daily to the Health Care Access Office Technician. All completed Heat Logs will be maintained in the Associate Warden of *Program Division* office.

HEAT PLAN ACTIVATION REPORT

DATE: 9/12/24

This form is to be used when the Uniform Heat Threshold (UHT) of 90 degrees outside is reached and Sierra Conservation Center's Heat Plan is activated. Enter the time in the box under the appropriate action taken. For example, if the UHT is reached at 1300 hours, enter the temperature of 90 degrees in the box under temperature next to 1300 hours. In the same row, check the corresponding box of the stage activation and the contact made. The Watch Commander should sign next to the temperature as various stages are activated and/or deactivated. If there are no activations or deactivations by the end of the shift, the Watch Commander will sign the time corresponding with the end of the shift. This is a 24 hour form. Example Date 05/01/2020 starts 0100 hour and ends the same day at 2400 hours. Only completed original forms should be forwarded daily to the Health Care Access Office Technician. All completed Heat Logs will be maintained in the Associate Warden of *Program Division* office.

This form is to be used when the Uniform Heat Threshold (UHT) of 90 degrees outside is reached and Sierra Conservation Center's Heat Plan is activated. Enter the time in the box under the appropriate action taken. For example, if the UHT is reached at 1300 hours, enter the temperature of 90 degrees in the box under temperature next to 1300 hours. In the same row, check the corresponding box of the stage activation and the contact made. The Watch Commander should sign next to the temperature as various stages are activated and/or deactivated. If there are no activations or deactivations by the end of the shift, the Watch Commander will sign the time corresponding with the end of the shift. This is a 24 hour form. Example Date 05/01/2020 starts 0100 hour and ends the same day at 2400 hours. Only completed original forms should be forwarded daily to the Health Care Access Office Technician. All completed Heat Logs will be maintained in the Associate Warden of *Program Division* office.

State of California | Department of Corrections and Rehabilitation

Memorandum

Date: October 15, 2024

To: N. Thompson
HCA Captain

Subject: **INCOMPLETE INSIDE DORM TEMPERATURE READINGS–FACILITY B**

This memorandum is submitted regarding missing form CDCR 2031 Inside Temperature Records for Facility B, dorms 65-76, dated September 1, 2024 and September 30, 2024. As well as missing log entries for Form CDCR 2031 Inside Temperature Record, for Facility B, as related to Operational Procedure (OP) #005, Heat Plan Activation Logs. The officers noted to have failed in completing the dormitory temperature logs have received training and an 844 was signed. For the period of September 3, 2024 through September 9, 2024, the following dates/times and dorm reporting locations, the inside temperature readings were not logged and are incomplete.

Date:	Housing Unit Log:
09/03/2024	65, 67, 69, 71, 73
09/04/2024	65, 67, 69, 71, 73, 75
09/09/2024	66

As it is necessary for all original supporting documentation for OP #005 to be completed each day, and submitted each week to the Health Care Access Captain's office for submission to the California Department of Corrections and Rehabilitation Statewide Division of Health Care Services, it is important to ensure all custody staff are aware of the reporting requirements to enter temperature readings once every three hours for dorms where inmate patients reside who are sensitive to heat, and are on the Heat Risk list.

Utilizing the daily Heat Plan Activation Report as received by Central Control, it is noted during this period of time there were no heat activation events/alerts. This memorandum will serve as explanation for the Coleman auditors in place of the incomplete/missing log entries.

If you should have further questions, contact HCA LT at extension 5373.

B. Arnold
Correctional Lieutenant
Sierra Conservation Center

ATT C

DEPARTMENT OF CORRECTIONS AND REHABILITATION

STATE OF CALIFORNIA

INSIDE TEMPERATURE RECORD

CDCR 2031 (04/18)

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the INSIDE ambient air temperature in all non-air-conditioned housing units where an inmate on the heat risk list may be housed. (Note: Air-conditioned housing units will also be monitored when the air conditioner is malfunctioning).

Using an accurate thermometer on the highest location in the housing unit (e.g., top tier) where an inmate on the heat risk list is housed. The inside air temperature is to be taken every three (3) hours, seven (7) days a week.

Institution: SCC Housing Unit: 6S Temp. Reading Location: Dayroom
(e.g., 1st tier, 2nd tier, 3rd tier, etc.)

Immediately notify the Watch Commander at extension 5439 when the inside air temperature reaches 90 degrees and again at 95 degrees.

INSIDE TEMPERATURE RECORD

CDCR 2031 (04/18)

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the INSIDE ambient air temperature in all non-air-conditioned housing units where an inmate on the heat risk list may be housed. (Note: Air-conditioned housing units will also be monitored when the air conditioner is malfunctioning).

Using an accurate thermometer on the highest location in the housing unit (e.g., top tier) where an inmate on the heat risk list is housed. The inside air temperature is to be taken every three (3) hours, seven (7) days a week.

Institution: SCC Housing Unit: 67 Temp. Reading Location: Dayroom
(e.g., 1st tier, 2nd tier, 3rd tier, etc.)

Immediately notify the Watch Commander at extension 5439 when the inside air temperature reaches 90 degrees and again at 95 degrees.

INSIDE TEMPERATURE RECORD

CDCR 2031 (04/18)

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the INSIDE ambient air temperature in all non-air-conditioned housing units where an inmate on the heat risk list may be housed. (Note: Air-conditioned housing units will also be monitored when the air conditioner is malfunctioning).

Using an accurate thermometer on the highest location in the housing unit (e.g., top tier) where an inmate on the heat risk list is housed. The inside air temperature is to be taken every three (3) hours, seven (7) days a week.

Institution: SCC Housing Unit: 73 Temp. Reading Location: Dayroom
(e.g., 1st tier, 2nd tier, 3rd tier, etc.)

Immediately notify the Watch Commander at extension 5439 when the inside air temperature reaches 90 degrees and again at 95 degrees.

INSIDE TEMPERATURE RECORD

CDCR 2031 (04/18)

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the INSIDE ambient air temperature in all non-air-conditioned housing units where an inmate on the heat risk list may be housed. (Note: Air-conditioned housing units will also be monitored when the air conditioner is malfunctioning).

Using an accurate thermometer on the highest location in the housing unit (e.g., top tier) where an inmate on the heat risk list is housed. The inside air temperature is to be taken every three (3) hours, seven (7) days a week.

Institution: SCC Housing Unit: 68 Temp. Reading Location: Dayroom
(e.g., 1st tier, 2nd tier, 3rd tier, etc.)

Immediately notify the Watch Commander at extension 5439 when the inside air temperature reaches 90 degrees and again at 95 degrees.

INSIDE TEMPERATURE RECORD

CDCR 2031 (04/18)

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the INSIDE ambient air temperature in all non-air-conditioned housing units where an inmate on the heat risk list may be housed. (Note: Air-conditioned housing units will also be monitored when the air conditioner is malfunctioning).

Using an accurate thermometer on the highest location in the housing unit (e.g., top tier) where an inmate on the heat risk list is housed. The inside air temperature is to be taken every three (3) hours, seven (7) days a week.

Institution: SCC Housing Unit: 74 Temp. Reading Location: Dayroom (e.g., 1st tier, 2nd tier, 3rd tier, etc.)

Immediately notify the Watch Commander at extension 5439 when the inside air temperature reaches 90 degrees and again at 95 degrees.

INSIDE TEMPERATURE RECORD

CDCR 2031 (04/18)

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the INSIDE ambient air temperature in all non-air-conditioned housing units where an inmate on the heat risk list may be housed. (Note: Air-conditioned housing units will also be monitored when the air conditioner is malfunctioning).

Using an accurate thermometer on the highest location in the housing unit (e.g., top tier) where an inmate on the heat risk list is housed. The inside air temperature is to be taken every three (3) hours, seven (7) days a week.

Institution: SCC Housing Unit: 69 Temp. Reading Location: Dayroom
(e.g., 1st tier, 2nd tier, 3rd tier, etc.)

Immediately notify the Watch Commander at extension 5439 when the inside air temperature reaches 90 degrees and again at 95 degrees.

INSIDE TEMPERATURE RECORD

CDCR 2031 (04/18)

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the INSIDE ambient air temperature in all non-air-conditioned housing units where an inmate on the heat risk list may be housed. (Note: Air-conditioned housing units will also be monitored when the air conditioner is malfunctioning).

Using an accurate thermometer on the highest location in the housing unit (e.g., top tier) where an inmate on the heat risk list is housed. The inside air temperature is to be taken every three (3) hours, seven (7) days a week.

Institution: SCC Housing Unit: 75 Temp. Reading Location: Dayroom (e.g., 1st tier, 2nd tier, 3rd tier, etc.)

Immediately notify the Watch Commander at extension 5439 when the inside air temperature reaches 90 degrees and again at 95 degrees.

INSIDE TEMPERATURE RECORD

CDCR 2031 (04/18)

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the INSIDE ambient air temperature in all non-air-conditioned housing units where an inmate on the heat risk list may be housed. (Note: Air-conditioned housing units will also be monitored when the air conditioner is malfunctioning).

Using an accurate thermometer on the highest location in the housing unit (e.g., top tier) where an inmate on the heat risk list is housed. The inside air temperature is to be taken every three (3) hours, seven (7) days a week.

Institution: SCC Housing Unit: 70 Temp. Reading Location: Dayroom
(e.g., 1st tier, 2nd tier, 3rd tier, etc.)

Immediately notify the Watch Commander at extension 5439 when the inside air temperature reaches 90 degrees and again at 95 degrees.

INSIDE TEMPERATURE RECORD

CDCR 2031 (04/18)

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the INSIDE ambient air temperature in all non-air-conditioned housing units where an inmate on the heat risk list may be housed. (Note: Air-conditioned housing units will also be monitored when the air conditioner is malfunctioning).

Using an accurate thermometer on the highest location in the housing unit (e.g., top tier) where an inmate on the heat risk list is housed. The inside air temperature is to be taken every three (3) hours, seven (7) days a week.

Institution: SCC Housing Unit: 76 Temp. Reading Location: Dayroom
(e.g., 1st tier, 2nd tier, 3rd tier, etc.)

Immediately notify the Watch Commander at extension 5439 when the inside air temperature reaches 90 degrees and again at 95 degrees.

INSIDE TEMPERATURE RECORD

CDCR 2031 (04/18)

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the INSIDE ambient air temperature in all non-air-conditioned housing units where an inmate on the heat risk list may be housed. (Note: Air-conditioned housing units will also be monitored when the air conditioner is malfunctioning).

Using an accurate thermometer on the highest location in the housing unit (e.g., top tier) where an inmate on the heat risk list is housed. The inside air temperature is to be taken every three (3) hours, seven (7) days a week.

Institution: SCC Housing Unit: 71 Temp. Reading Location: Dayroom
(e.g., 1st tier, 2nd tier, 3rd tier, etc.)

Immediately notify the Watch Commander at extension 5439 when the inside air temperature reaches 90 degrees and again at 95 degrees.

INSIDE TEMPERATURE RECORD

CDCR 2031 (04/18)

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the INSIDE ambient air temperature in all non-air-conditioned housing units where an inmate on the heat risk list may be housed. (Note: Air-conditioned housing units will also be monitored when the air conditioner is malfunctioning).

Using an accurate thermometer on the highest location in the housing unit (e.g., top tier) where an inmate on the heat risk list is housed. The inside air temperature is to be taken every three (3) hours, seven (7) days a week.

Institution: [illegible] Housing Unit: Bld. 1 Temp. Reading Location: [illegible]
(e.g., 1st tier, 2nd tier, 3rd tier, etc.)

Immediately notify the Watch Commander at extension 5439 when the inside air temperature reaches 90 degrees and again at 95 degrees.

INSIDE TEMPERATURE RECORD

CDCR 2031 (04/18)

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the INSIDE ambient air temperature in all non-air-conditioned housing units where an inmate on the heat risk list may be housed. (Note: Air-conditioned housing units will also be monitored when the air conditioner is malfunctioning).

Using an accurate thermometer on the highest location in the housing unit (e.g., top tier) where an inmate on the heat risk list is housed. The inside air temperature is to be taken every three (3) hours, seven (7) days a week.

Institution: [illegible] Housing Unit: 1 Temp. Reading Location: [illegible]
(e.g., 1st tier, 2nd tier, 3rd tier, etc.)

Immediately notify the Watch Commander at extension 5439 when the inside air temperature reaches 90 degrees and again at 95 degrees.

INSIDE TEMPERATURE RECORD

CDCR 2031 (04/18)

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the INSIDE ambient air temperature in all non-air-conditioned housing units where an inmate on the heat risk list may be housed. (Note: Air-conditioned housing units will also be monitored when the air conditioner is malfunctioning).

Using an accurate thermometer on the highest location in the housing unit (e.g., top tier) where an inmate on the heat risk list is housed. The inside air temperature is to be taken every three (3) hours, seven (7) days a week.

Institution: SCC Housing Unit: BLD 2 FAC C Temp. Reading Location: Porch
(e.g., 1st tier, 2nd tier, 3rd tier, etc.)

Immediately notify the Watch Commander at extension 5439 when the inside air temperature reaches 90 degrees and again at 95 degrees.

INSIDE TEMPERATURE RECORD

CDCR 2031 (04/18)

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the INSIDE ambient air temperature in all non-air-conditioned housing units where an inmate on the heat risk list may be housed. (Note: Air-conditioned housing units will also be monitored when the air conditioner is malfunctioning).

Using an accurate thermometer on the highest location in the housing unit (e.g., top tier) where an inmate on the heat risk list is housed. The inside air temperature is to be taken every three (3) hours, seven (7) days a week.

Institution: SCC Housing Unit: C3 Control Temp. Reading Location: Rotunda
(e.g., 1st tier, 2nd tier, 3rd tier, etc.)

Immediately notify the Watch Commander at extension 5439 when the inside air temperature reaches 90 degrees and again at 95 degrees.
