

Monthly Summary Report

Institution: SCC

Memorandum

Date: 06/11/2024
To: Statewide Heat Plan Coordinator

Subject: Heat Plan Activity - MAY - 2024

The following is a summary of the heat related activity for the month of MAY - 2024,
at SCC (Institution)

1. Were outside temperatures 90 degrees or above (Stage I Alerts)? Yes _____

Number of days Stage I Alert initiated: 3 _____

2. Were cooling and/or hydration measures instituted in housing units reaching 90 degrees or more (Stage II Alert)? No _____

Number of days Stage II Alert initiated: 0 _____

3. Were medical rounds performed in housing units reaching 95 degrees or more (Stage III Alert)? No _____

Number of days Stage III Alert initiated: 0 _____

4. Weekly list of heat risk patients archived? Yes _____

5. Number of patients with heat related illness: 0 List these patients on the Heat Incident Log and include the patients name, CDCR #, list of heat risk medications, Mental Health Services Delivery System designation, description of the symptoms diagnosis at the time of the heat related illness, a brief summary of the medical treatment rendered, where the incident occurred, and the ultimate disposition of the patient. The Heat Incident log shall be submitted each month with the Monthly Summary Report if heat related illnesses have occurred.

Weekly list of Heat-Risk Patients is generated automatically. A hard copy is distributed to the Facility Lieutenants, Classifications and Parole Representative, Food Manager, Outpatient Housing Unit and Mental Health Department. An e-mail copy is distributed to the Litigation Coordinator, Associate Warden, Facility Captains, Prison Industry Authority, Education Staff and Medical Staff.

Inside and Outside Temperature Logs, Medical Rounds Logs, Heat Incident Logs and Weekly lists of Heat-Risk Patients have been collected and are on file and easily accessible in the office of the institution's Heat Plan Coordinator.

Memorandum

Date: June 13, 2024

To: J. Prudhel
WARDEN (A)

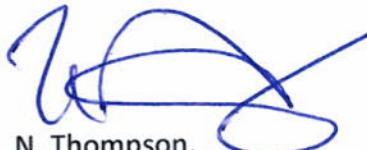

Subject: **HEAT RELATED PATHOLOGIES PLAN – OUTSIDE TEMPERATURE RECORDS AND HEAT PLAN ACTIVATION REPORT MISSING DOCUMENTATION**

This memorandum is submitted regarding missing forms CDCR 2030 Outside Temperature Record for May 2, May 4 and May 8, 2024. The Heat Plan Activation Report: Attachment F, for May 1, 2024 is missing and the officers who failed to provide the documents have received training, with an 844 signed.

As it is necessary for all original supporting documentation for OP #005 to be completed each day, and submitted each week to the Health Care Access Captain's office for submission to the California Department of Corrections and Rehabilitation Statewide Division of Health Care Services, it is important to ensure all custody staff are aware of the reporting requirements to enter temperature readings once every three hours for dorms where inmate patients reside who are sensitive to heat and are on the Heat Risk medication list.

Using the Heat Plan Activation Report as submitted daily to the Health Care Access office by Plaza Control and the Watch Commander's Office, it is noted during these days, May 1, May 2, May 4 and May 8, 2024, there were no heat activation events/alerts. This memorandum will serve as explanation for the Coleman auditors in place of the incomplete/missing documentation.

If you have any questions, please contact me at extension 5358.

N. Thompson,
Health Care Access Captain
Sierra Conservation Center

SIERRA CONSERVATION CENTER

HEAT PLAN ACTIVATION REPORT

DATE: MAY 02, 2024

This form is to be used when the Uniform Heat Threshold (UHT) of 90 degrees outside is reached and Sierra Conservation Center's Heat Plan is activated. Enter the time in the box under the appropriate action taken. For example, if the UHT is reached at 1300 hours, enter the temperature of 90 degrees in the box under temperature next to 1300 hours. In the same row, check the corresponding box of the stage activation and the contact made. The Watch Commander should sign next to the temperature as various stages are activated and/or deactivated. If there are no activations or deactivations by the end of the shift, the Watch Commander will sign the time corresponding with the end of the shift. This is a 24 hour form. Example Date 05/01/2020 starts 0100 hour and ends the same day at 2400 hours. Only completed original forms should be forwarded daily to the Health Care Access Office Technician. All completed Heat Logs will be maintained in the Associate Warden of Program Division office.

SIERRA CONSERVATION CENTER

HEAT PLAN ACTIVATION REPORT

DATE: MAY 13, 2024

This form is to be used when the Uniform Heat Threshold (UHT) of 90 degrees outside is reached and Sierra Conservation Center's Heat Plan is activated. Enter the time in the box under the appropriate action taken. For example, if the UHT is reached at 1300 hours, enter the temperature of 90 degrees in the box under temperature next to 1300 hours. In the same row, check the corresponding box of the stage activation and the contact made. The Watch Commander should sign next to the temperature as various stages are activated and/or deactivated. If there are no activations or deactivations by the end of the shift, the Watch Commander will sign the time corresponding with the end of the shift. This is a 24 hour form. Example Date 05/01/2020 starts 0100 hour and ends the same day at 2400 hours. Only completed original forms should be forwarded daily to the Health Care Access Office Technician. All completed Heat Logs will be maintained in the Associate Warden of Program Division office.

SIERRA CONSERVATION CENTER

HEAT PLAN ACTIVATION REPORT

DATE: MAY 22 2024

This form is to be used when the Uniform Heat Threshold (UHT) of 90 degrees outside is reached and Sierra Conservation Center's Heat Plan is activated. Enter the time in the box under the appropriate action taken. For example, if the UHT is reached at 1300 hours, enter the temperature of 90 degrees in the box under temperature next to 1300 hours. In the same row, check the corresponding box of the stage activation and the contact made. The Watch Commander should sign next to the temperature as various stages are activated and/or deactivated. If there are no activations or deactivations by the end of the shift, the Watch Commander will sign the time corresponding with the end of the shift. This is a 24 hour form. Example Date 05/01/2020 starts 0100 hour and ends the same day at 2400 hours. Only completed original forms should be forwarded daily to the Health Care Access Office Technician. All completed Heat Logs will be maintained in the Associate Warden of Program Division office.

STATE OF CALIFORNIA
OUTSIDE TEMPERATURE RECORD
 CDCR 2030 (04/18)

INSTITUTION: Sierra Conservation Center

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the OUTSIDE ambient air temperature.

Using an accurate thermometer located in a central, heat neutral location, the outside air temperature is to be taken every hour, seven (7) days a week.

Thermometer Location: Plaza Control

Immediately notify the Watch Commander at extension 5439 when the air temperature reaches 90 degrees.

STATE OF CALIFORNIA
INSIDE TEMPERATURE RECORD
CDCR 2031 (04/18)

DEPARTMENT OF CORRECTIONS AND REHABILITATION

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the INSIDE ambient air temperature in all non-air-conditioned housing units where an inmate on the heat risk list may be housed. (Note: Air-conditioned housing units will also be monitored when the air conditioner is malfunctioning).

Using an accurate thermometer on the highest location in the housing unit (e.g., top tier) where an inmate on the heat risk list is housed. The inside air temperature is to be taken every three (3) hours, seven (7) days a week.

Institution: SCC Housing Unit: 67 Temp. Reading Location: Dayroom
(e.g., 1st tier, 2nd tier, 3rd tier, etc.)

Immediately notify the Watch Commander at extension 5439 when the inside air temperature reaches 90 degrees and again at 95 degrees.

STATE OF CALIFORNIA
INSIDE TEMPERATURE RECORD
CDCR 2031 (04/18)

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the INSIDE ambient air temperature in all non-air-conditioned housing units where an inmate on the heat risk list may be housed. (Note: Air-conditioned housing units will also be monitored when the air conditioner is malfunctioning).

Using an accurate thermometer on the highest location in the housing unit (e.g., top tier) where an inmate on the heat risk list is housed. The inside air temperature is to be taken every three (3) hours, seven (7) days a week.

Institution: SCC Housing Unit: 6 74 Temp. Reading Location: Dayroom
(e.g., 1st tier, 2nd tier, 3rd tier, etc.)

Immediately notify the Watch Commander at extension 5439 when the inside air temperature reaches 90 degrees and again at 95 degrees.

DISTRIBUTION: Original: Institution Heat Plan Coordinator, AW Central Operations

STATE OF CALIFORNIA
INSIDE TEMPERATURE RECORD
CDCR 2031 (04/18)

ATT C
DEPARTMENT OF CORRECTIONS AND REHABILITATION

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the INSIDE ambient air temperature in all non-air-conditioned housing units where an inmate on the heat risk list may be housed. (Note: Air-conditioned housing units will also be monitored when the air conditioner is malfunctioning).

Using an accurate thermometer on the highest location in the housing unit (e.g., top tier) where an inmate on the heat risk list is housed. The inside air temperature is to be taken every three (3) hours, seven (7) days a week.

Institution: SCC Housing Unit: 76 Temp. Reading Location: Dayroom
(e.g., 1st tier, 2nd tier, 3rd tier, etc.)

Immediately notify the Watch Commander at extension 5439 when the inside air temperature reaches 90 degrees and again at 95 degrees.

ATT C

DEPARTMENT OF CORRECTIONS AND REHABILITATION

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the INSIDE ambient air temperature in all non-air-conditioned housing units where an inmate on the heat risk list may be housed. (Note: Air-conditioned housing units will also be monitored when the air conditioner is malfunctioning).

Using an accurate thermometer on the highest location in the housing unit (e.g., top tier) where an inmate on the heat risk list is housed. The inside air temperature is to be taken every three (3) hours, seven (7) days a week.

Institution: SCC Housing Unit: 71 Temp. Reading Location: Dayroom
(e.g., 1st tier, 2nd tier, 3rd tier, etc.)

Immediately notify the Watch Commander at extension 5439 when the inside air temperature reaches 90 degrees and again at 95 degrees.

INSIDE TEMPERATURE RECORD
CDCR 2031 (04/18)

ATT C

DEPARTMENT OF CORRECTIONS AND REHABILITATION

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the INSIDE ambient air temperature in all non-air-conditioned housing units where an inmate on the heat risk list may be housed. (Note: Air-conditioned housing units will also be monitored when the air conditioner is malfunctioning).

Using an accurate thermometer on the highest location in the housing unit (e.g., top tier) where an inmate on the heat risk list is housed. The inside air temperature is to be taken every three (3) hours, seven (7) days a week.

Institution: SCC Housing Unit: 7S Temp. Reading Location: Dayroom
(e.g., 1st tier, 2nd tier, 3rd tier, etc.)

Immediately notify the Watch Commander at extension 5439 when the inside air temperature reaches 90 degrees and again at 95 degrees.

DEPARTMENT OF CORRECTIONS AND REHABILITATION

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the INSIDE ambient air temperature in all non-air-conditioned housing units where an inmate on the heat risk list may be housed. (Note: Air-conditioned housing units will also be monitored when the air conditioner is malfunctioning).

Using an accurate thermometer on the highest location in the housing unit (e.g., top tier) where an inmate on the heat risk list is housed. The inside air temperature is to be taken every three (3) hours, seven (7) days a week.

Institution: SCC Housing Unit: 68 Temp. Reading Location: Dayroom
(e.g., 1st tier, 2nd tier, 3rd tier, etc.)

Immediately notify the Watch Commander at extension 5439 when the inside air temperature reaches 90 degrees and again at 95 degrees.

STATE OF CALIFORNIA
INSIDE TEMPERATURE RECORD
CDCR 2031 (04/18)

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the INSIDE ambient air temperature in all non-air-conditioned housing units where an inmate on the heat risk list may be housed. (Note: Air-conditioned housing units will also be monitored when the air conditioner is malfunctioning).

Using an accurate thermometer on the highest location in the housing unit (e.g., top tier) where an inmate on the heat risk list is housed. The inside air temperature is to be taken every three (3) hours, seven (7) days a week.

Institution: SEC Housing Unit: BLDNG - 4 CMRL Temp. Reading Location: Dayisong
(e.g., 1st tier, 2nd tier, 3rd tier, etc.)

Immediately notify the Watch Commander at extension 5439 when the inside air temperature reaches 90 degrees and again at 95 degrees.

Monday

A dark gray rectangular panel with a thin black border, positioned on the left side of the frame. The panel appears to be a solid color with no visible texture or markings.

Tuesday

A large, dark gray rectangular area, likely a placeholder or a redacted section of a document. It occupies most of the page and is bounded by a thin black border.

STATE OF CALIFORNIA
INSIDE TEMPERATURE RECORD
CDCR 2031 (04/18)

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the INSIDE ambient air temperature in all non-air-conditioned housing units where an inmate on the heat risk list may be housed. (Note: Air-conditioned housing units will also be monitored when the air conditioner is malfunctioning).

Using an accurate thermometer on the highest location in the housing unit (e.g., top tier) where an inmate on the heat risk list is housed. The inside air temperature is to be taken every three (3) hours, seven (7) days a week.

Institution: SAC Housing Unit: C1 CONTROL Temp. Reading Location: Dayroom
(e.g., 1st tier, 2nd tier, 3rd tier, etc.)

Immediately notify the Watch Commander at extension 5439 when the inside air temperature reaches 90 degrees and again at 95 degrees.

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the INSIDE ambient air temperature in all non-air-conditioned housing units where an inmate on the heat risk list may be housed. (Note: Air-conditioned housing units will also be monitored when the air conditioner is malfunctioning).

Using an accurate thermometer on the highest location in the housing unit (e.g., top tier) where an inmate on the heat risk list is housed. The inside air temperature is to be taken every three (3) hours, seven (7) days a week.

Institution: SAC Housing Unit: C-2 Control Temp. Reading Location: 1st tier
(e.g., 1st tier, 2nd tier, 3rd tier, etc.)

Immediately notify the Watch Commander at extension 5439 when the inside air temperature reaches 90 degrees and again at 95 degrees.

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the INSIDE ambient air temperature in all non-air-conditioned housing units where an inmate on the heat risk list may be housed. (Note: Air-conditioned housing units will also be monitored when the air conditioner is malfunctioning).

Using an accurate thermometer on the highest location in the housing unit (e.g., top tier) where an inmate on the heat risk list is housed. The inside air temperature is to be taken every three (3) hours, seven (7) days a week.

Institution: SAC Housing Unit: C-5 Temp. Reading Location: Dormitory
(e.g., 1st tier, 2nd tier, 3rd tier, etc.)

Immediately notify the Watch Commander at extension 5439 when the inside air temperature reaches 90 degrees and again at 95 degrees.
