

Monthly Summary ReportInstitution: CMF**Memorandum**

Date: September 3, 2024
To: Statewide Heat Plan Coordinator

Subject: Heat Plan Activity - August 2024

The following is a summary of the heat related activity for the month of August 2024,
at CMF (Institution)

1. Were outside temperatures 90 degrees or above (Stage I Alerts)? Yes _____

Number of days Stage I Alert initiated: 19

2. Were cooling and/or hydration measures instituted in housing units reaching 90 degrees or more (Stage II Alert)? No _____

Number of days Stage II Alert initiated: NA

3. Were medical rounds performed in housing units reaching 95 degrees or more (Stage III Alert)? No _____

Number of days Stage III Alert initiated: NA

4. Weekly list of heat risk patients archived? Yes _____

5. Number of patients with heat related illness. 0 List these patients on the Heat Incident Log and include the patients name, CDCR #, list of heat risk medications, Mental Health Services Delivery System designation, description of the symptoms diagnosis at the time of the heat related illness, a brief summary of the medical treatment rendered, where the incident occurred, and the ultimate disposition of the patient. The Heat Incident log shall be submitted each month with the Monthly Summary Report if heat related illnesses have occurred.

Weekly list of Heat-Risk Patients is generated automatically. A hard copy is distributed to the Facility Lieutenants, Classifications and Parole Representative, Food Manager, Outpatient Housing Unit and Mental Health Department. An e-mail copy is distributed to the Litigation Coordinator, Associate Warden, Facility Captains, Prison Industry Authority, Education Staff and Medical Staff.

Inside and Outside Temperature Logs, Medical Rounds Logs, Heat Incident Logs and Weekly lists of Heat-Risk Patients have been collected and are on file and easily accessible in the office of the institution's Heat Plan Coordinator.

NOTES

INSIDE TEMPERATURE RECORD
CDCR 2031 (04/18)

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the INSIDE ambient air temperature in all non-air-conditioned housing units where an inmate on the heat risk list may be housed. (Note: Air-conditioned housing units will also be monitored when the air conditioner is malfunctioning).

Using an accurate thermometer on the highest location in the housing unit (e.g., top tier) where an inmate on the heat risk list is housed. The inside air temperature is to be taken every three (3) hours, seven (7) days a week.

Institution: **CMF** Housing Unit: **H-3** Temp. Reading Location: **VARIABLES**
(e.g., 1st tier, 2nd tier, 3rd tier, etc.)

Immediately notify the Watch Commander at extension 6515 when the inside air temperature reaches 90 degrees and again at 95 degrees.

NOTES

INSIDE TEMPERATURE RECORD

CDCR 2031 (04/18)

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the INSIDE ambient air temperature in all non-air-conditioned housing units where an inmate on the heat risk list may be housed. (Note: Air-conditioned housing units will also be monitored when the air conditioner is malfunctioning).

Using an accurate thermometer on the highest location in the housing unit (e.g., top tier) where an inmate on the heat risk list is housed. The inside air temperature is to be taken every three (3) hours, seven (7) days a week.

Institution: **CMF** Housing Unit: **V-WING** Temp. Reading Location: **3rd TIER (328)**
(e.g., 1st tier, 2nd tier, 3rd tier, etc.)

Immediately notify the Watch Commander at extension 6515 when the inside air temperature reaches 90 degrees and again at 95 degrees.

NOTES

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the INSIDE ambient air temperature in all non-air-conditioned housing units where an inmate on the heat risk list may be housed. (Note: Air-conditioned housing units will also be monitored when the air conditioner is malfunctioning).

Using an accurate thermometer on the highest location in the housing unit (e.g., top tier) where an inmate on the heat risk list is housed. The inside air temperature is to be taken every three (3) hours, seven (7) days a week.

Institution: **CMF** Housing Unit: **M-1** Temp. Reading Location: **137**
(e.g. 1st tier, 2nd tier, 3rd tier, etc.)

Immediately notify the Watch Commander at extension 6515 when the inside air temperature reaches 90 degrees and again at 95 degrees.

NOTES

INSIDE TEMPERATURE RECORD
CDCR 2031 (04/18)

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the INSIDE ambient air temperature in all non-air-conditioned housing units where an inmate on the heat risk list may be housed. (Note: Air-conditioned housing units will also be monitored when the air conditioner is malfunctioning).

Using an accurate thermometer on the highest location in the housing unit (e.g., top tier) where an inmate on the heat risk list is housed. The inside air temperature is to be taken every three (3) hours, seven (7) days a week.

Institution: **CMF** Housing Unit: **H-3** Temp. Reading Location: **VARIABLES**
(e.g., 1st tier, 2nd tier, 3rd tier, etc.)

Immediately notify the Watch Commander at extension 6515 when the inside air temperature reaches 90 degrees and again at 95 degrees.

NOTES

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the INSIDE ambient air temperature in all non-air-conditioned housing units where an inmate on the heat risk list may be housed. (Note: Air-conditioned housing units will also be monitored when the air conditioner is malfunctioning).

Using an accurate thermometer on the highest location in the housing unit (e.g., top tier) where an inmate on the heat risk list is housed. The inside air temperature is to be taken every three (3) hours, seven (7) days a week.

Institution: **CMF** Housing Unit: **R-1 DORM** Temp. Reading Location: **C/O PODIUM**
(e.g., 1st tier, 2nd tier, 3rd tier, etc.)

Immediately notify the Watch Commander at extension 6515 when the inside air temperature reaches 90 degrees and again at 95 degrees.

STAGE I, II, or III HOURS INSIDE TEMP LOG

circle one

STAGE: 1

Stage Deactivation Time: 1938

Once the digital display in the Custody Office reaches 90 degrees {outside temperature}, the Watch Commander will activate the HRP Plan. Program Lieutenants will be responsible for monitoring inside temperature in designated areas and reporting their findings on an hourly basis.

INSTITUTION: _____

CALIFORNIA MEDICAL FACILITY

From **May 1st through October 31st**, the warden shall designate staff to be responsible to monitor and log the OUTSIDE ambient air temperature.

Using an accurate thermometer located in a central, heat neutral location, the outside air temperature is to be taken every hour, seven (7) days a week.

Thermometer/Temperature Reading Location: _____

WATCH/CUSTODY OFFICE

Immediately notify the Watch Commander at extension 6515 when the air temperature reaches 90°F.

NOTES

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the INSIDE ambient air temperature in all non-air-conditioned housing units where an inmate on the heat risk list may be housed. (Note: Air-conditioned housing units will also be monitored when the air conditioner is malfunctioning).

Using an accurate thermometer on the highest location in the housing unit (e.g., top tier) where an inmate on the heat risk list is housed. The inside air temperature is to be taken every three (3) hours, seven (7) days a week.

Institution: **CMF** Housing Unit: **J-3** Temp. Reading Location: **C/O OFFICE**
(e.g., 1st tier, 2nd tier, 3rd tier, etc.)

Immediately notify the Watch Commander at extension 6515 when the inside air temperature reaches 90 degrees and again at 95 degrees.

NOTES

INSIDE TEMPERATURE RECORD

CDCR 2031 (04/18)

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the INSIDE ambient air temperature in all non-air-conditioned housing units where an inmate on the heat risk list may be housed. (Note: Air-conditioned housing units will also be monitored when the air conditioner is malfunctioning).

Using an accurate thermometer on the highest location in the housing unit (e.g., top tier) where an inmate on the heat risk list is housed. The inside air temperature is to be taken every three (3) hours, seven (7) days a week.

Institution: **CMF** Housing Unit: **U-WING** Temp. Reading Location: **3rd TIER (328)**
(e.g., 1st tier, 2nd tier, 3rd tier, etc.)

Immediately notify the Watch Commander at extension **6515** when the inside air temperature reaches 90 degrees and again at 95 degrees.

INSIDE TEMPERATURE RECORD
CDCR 2031 (04/18)

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the INSIDE ambient air temperature in all non-air-conditioned housing units where an inmate on the heat risk list may be housed. (Note: Air-conditioned housing units will also be monitored when the air conditioner is malfunctioning).

Using an accurate thermometer on the highest location in the housing unit (e.g., top tier) where an inmate on the heat risk list is housed. The inside air temperature is to be taken every three (3) hours, seven (7) days a week.

Institution: CMF Housing Unit: H-1 Temp. Reading Location: C/O OFFICE
 (e.g., 1st tier, 2nd tier, 3rd tier, etc.)

Immediately notify the Watch Commander at extension 6515 when the inside air temperature reaches 90 degrees and again at 95 degrees.

NOTES

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the INSIDE ambient air temperature in all non-air-conditioned housing units where an inmate on the heat risk list may be housed. (Note: Air-conditioned housing units will also be monitored when the air conditioner is malfunctioning).

Using an accurate thermometer on the highest location in the housing unit (e.g., top tier) where an inmate on the heat risk list is housed. The inside air temperature is to be taken every three (3) hours, seven (7) days a week.

Institution: **CMF** Housing Unit: **J-2** Temp. Reading Location: **DORM 2**
(e.g., 1st tier, 2nd tier, 3rd tier, etc.)

Immediately notify the Watch Commander at extension 6515 when the inside air temperature reaches 90 degrees and again at 95 degrees.

NOTES

INSIDE TEMPERATURE RECORD
CDCR 2031 (04/18)

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the INSIDE ambient air temperature in all non-air-conditioned housing units where an inmate on the heat risk list may be housed. (Note: Air-conditioned housing units will also be monitored when the air conditioner is malfunctioning).

Using an accurate thermometer on the highest location in the housing unit (e.g., top tier) where an inmate on the heat risk list is housed. The inside air temperature is to be taken every three (3) hours, seven (7) days a week.

Institution: CMF Housing Unit: N-3 Temp. Reading Location: 302
 (e.g., 1st tier, 2nd tier, 3rd tier, etc.)

Immediately notify the Watch Commander at extension 6515 when the inside air temperature reaches 90 degrees and again at 95 degrees.

NOTES

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the INSIDE ambient air temperature in all non-air-conditioned housing units where an inmate on the heat risk list may be housed. (Note: Air-conditioned housing units will also be monitored when the air conditioner is malfunctioning).

Using an accurate thermometer on the highest location in the housing unit (e.g., top tier) where an inmate on the heat risk list is housed. The inside air temperature is to be taken every three (3) hours, seven (7) days a week.

Institution: **CMF** Housing Unit: **Y-DORM** Temp. Reading Location: **VARIABLES**
(e.g., 1st tier, 2nd tier, 3rd tier, etc.)

Immediately notify the Watch Commander at extension 6515 when the inside air temperature reaches 90 degrees and again at 95 degrees.

NOTES

INSIDE TEMPERATURE RECORD

CDCR 2031 (04/18)

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the INSIDE ambient air temperature in all non-air-conditioned housing units where an inmate on the heat risk list may be housed. (Note: Air-conditioned housing units will also be monitored when the air conditioner is malfunctioning).

Using an accurate thermometer on the highest location in the housing unit (e.g., top tier) where an inmate on the heat risk list is housed. The inside air temperature is to be taken every three (3) hours, seven (7) days a week.

Institution: **CMF** Housing Unit: **J-3** Temp. Reading Location: **C/O OFFICE**
(e.g., 1st tier, 2nd tier, 3rd tier, etc.)

Immediately notify the Watch Commander at extension **6515** when the inside air temperature reaches 90 degrees and again at 95 degrees.

NOTES

From May 1st through October 31st, the warden shall designate staff to be responsible to monitor and log the INSIDE ambient air temperature in all non-air-conditioned housing units where an inmate on the heat risk list may be housed. (Note: Air-conditioned housing units will also be monitored when the air conditioner is malfunctioning).

Using an accurate thermometer on the highest location in the housing unit (e.g., top tier) where an inmate on the heat risk list is housed. The inside air temperature is to be taken every three (3) hours, seven (7) days a week.

Institution: **CMF** Housing Unit: **V-WING** Temp. Reading Location: **3rd TIER (328)**
(e.g., 1st tier, 2nd tier, 3rd tier, etc.)

Immediately notify the Watch Commander at extension 6515 when the inside air temperature reaches 90 degrees and again at 95 degrees.
